

Curriculum Vitae

Tobias Lidström | Freelancer

Web Designer, Web Developer & Technical Consult

tobias@dreamz.com | dreamz.com | nerdized.com

Profile

I am an experienced Web Designer and Web Developer who is specialized in innovative web solutions that combines functionality with a professional and clean design. Skilled in all aspects of web authoring including XHTML, CSS, PHP, MySQL and JavaScript.

I have over 10 years of work experience in Web Design and Web Development. I work with cross-platform and/or cross-browser compatibility in mind and ensure all work follows the current web standards.

I am also experienced as Technical Consult for businesses and end-users in networking and operative systems such as Microsoft Windows, Linux, web servers, FTP servers. I have excellent skills in Swedish and English orally and in written form.

I am enthusiastic, dedicated and make sure things get done and done right. Perfection is everything ;) Learning new technologies, finding new intriguing technical challenges is one of my passions.
